- There are 2 leagues within the Headbangers, the Long and Short Championships.
- Short events are up to about 14k, a Strider will automatically be in the Long Championship after completion of 3 Long/Harder events scored with 51 or more points, with the exception of the Orienteering Event.
- To receive points, Striders must be fully paid up as competitive members at the time of the event.
- The total score will be the sum of your **six** best scores, with a maximum of 3 long events for the Long Championship. But competitors must complete a **minimum of 3** events to get a final league place.
- If Windgather and Roaches are raced, then only the higher point earner will be used in the score.
- The Orienteering Event is any DVO (Minimum Green course), Kong or similar, it **MUST** involve navigation by the use of map and compass, and can be 2 or 4 hour, only 1 to count, this is in addition to the "3 to count".
- The competitor(s) completing the most events will receive an additional point.
- In the event of a tie, the winner will be the person who has beaten the other Strider the most times.
- In the event of an event being cancelled, the following will occur.
 - If the event is rescheduled in the same year it will still count, Or an alternative event will be scheduled
 - If either of the above cannot be completed, (as too late in the season), then points will be to the final event, unless it is a pre entry, then all entrants will get the same points (if entered at the time of cancelation).
- The FRA have clarified certain [rules](#) regarding essential equipment. For AL, AM and BL events, you **MUST** have Waterproof body cover, hat, gloves, compass, whistle, emergency food. For all other events this is recommended, but it is at the discretion of the organiser, see the race organiser's website for requirements. This is for your safety!
- The rules and a useful leaflet on Hypothermia are [here](#) and copies will be available on the Strider website.
- ENJOY them!
